Hyderabad, India • +91-8688906651 • kondapallidevika996@gmail.com • linkedin.com/in/devika-kondapalli • github.com/DevikaKondapalli

PROFESSIONAL SUMMARY

Data Analyst with hands-on internship experience using Excel, SQL, and Python to analyze business data, improve data quality, and streamline reporting. Experienced in working with **10,000+ records**, automating repetitive tasks, and building dashboards to track business performance. Skilled in Pandas, Power BI, GenAI, prompt engineering, Antigravity, and RAG workflows for data analysis and information retrieval.

TECHNICAL SKILLS

Programming Languages : Python, SQL

Libraries & Frameworks : Pandas, NumPy, Matplotlib, Seaborn

Databases & Analytics : MySQL, Advanced Excel, Power BI, Data Analytics, Business Intelligence

Developer & AI Tools : Git, GitHub, VS Code, Jupyter Notebook, Antigravity

Core Competencies : RAG Pipeline, Prompt Engineering, Data-Driven Decision Making, Analytical Problem Solving

PROFESSIONAL EXPERIENCE

Vangrove Tech Private Limited

Hyderabad

Junior Analyst Intern

01/2026 – Present

- Worked with **10,000+ records** using **Excel, SQL and Python** for data cleaning, validation, and analysis.
- Saved **12 hours per week** by creating reusable **SQL queries** and automated reports, reducing repetitive reporting tasks and making regular data analysis faster and easier.
- Improved data accuracy by **15%** by using **Python and SQL** to find and fix missing, duplicate, and inconsistent records, making datasets more reliable for reporting.
- Reduced reporting effort by **20%** by automating data preparation with **Python, Pandas and Excel**.
- Improved reporting accuracy by **10%** by reviewing data issues and simplifying recurring reporting workflows.
- Used **SQL** to extract, filter, join, and organize data for regular analysis and reporting.
- Built **5+ Power BI dashboards** to track KPIs, compare performance, and understand business trends.
- Created data summaries using **Excel and Pandas** to make business information easier to review and compare.
- Performed data quality checks to find missing values, duplicates, and inconsistencies before reporting.

Hindustan Aeronautics Limited (HAL) – Avionics Division

Hyderabad

Intern – IT Assets and Inventory Management System

10/2024 – 11/2024

- Built a web-based IT Asset Management System using **C# and SQL** to organize and manage departmental asset records, improving access to asset information.
- Designed a normalized **MySQL database** to manage asset records, improving data retrieval and updates by **20%** and making inventory tracking easier.
- Reduced manual data-entry errors by **15%** by adding validation checks and testing SQL queries in **MySQL Workbench**, improving data consistency and reliability.
- Improved system performance by testing and optimizing **SQL queries**, enabling faster and more consistent asset data retrieval.

PROJECTS

Online Recruitment Fraud Detection Platform

Python, NLP, Pandas, Antigravity

Data Analyst / ML Project

2024

- Analyzed **500+ job postings** using **Python and Pandas**, checking missing and mismatched details across key posting fields.
- Identified **5+ fraud indicators** using **NLP, text preprocessing, and TF-IDF** to detect suspicious job-posting patterns.
- Built a Python-based fraud scoring system to identify potentially fake job postings across **500+ listings**.
- Evaluated predictions using **4 classification metrics**, comparing fake and genuine postings to assess detection performance.
- Built a browser extension with **1-click job scanning** that displays a fraud score on the right side of the screen for quick assessment.

EDUCATION

Joginpally B.R. Engineering College

Hyderabad

B.Tech – Computer Science and Engineering

2021 – 2025

ACHIEVEMENTS

- **2nd Rank, B.Tech CSE:** Secured 2nd rank in class throughout the program.
- **NCC Cadet:** Led and trained fellow cadets as Squad In-charge, demonstrating leadership and team coordination.
- **Lead Dancer:** Led classical and folk dance performances and taught advanced techniques to fellow students.
